Short text	Ultra-stretch, durable trousers with holster pockets and kneepad pockets - metal free
Marketing Summary	Designed for professionals in construction, industry and craftsmanship, these trousers with 4WAY STRETCH technology offer great freedom of movement. Its Ripstop fabric and smartly placed reinforcements provide snag resistance and extend its lifespan. The water-repellent treatment limits liquid absorption and keeps you protected in light rain. Its reinforced knee pad pockets protect your knees during ground work. Its bonus feature: retractable holster pockets with smart compartments to organise your tools efficiently and access them instantly.
Summary Marketing Shorts (240c)	High-performance and stretchy, these 4WAY STRETCH trousers ensure great freedom of movement. Durable and water-repellent, they protect against snags and light rain. Reinforced kneepads and floating pockets offer both protection and practicality.
Web Technical Details	Great Freedom of Movement: The 4WAY STRETCH technology moves with you in all directions, allowing you to work freely. Its ergonomic and pre-shaped fit naturally follows the curve of your leg for added comfort. Limits Liquid Absorption: The water-repellent treatment reduces liquid absorption, preventing stains from quickly penetrating the fabric and keeping your trousers cleaner for longer. Longevity and durability: Its Ripstop fabric, known for its strength, reduces the risk of tearing. Its various reinforcements (inseam, knees, leg bottoms, triple stitching) extend its lifespan. Protection and Safety: Its Oxford Ripstop reinforced knee pockets protect your knees during prolonged ground work. The top-loading design allows for quick and easy insertion of INOX kneepad 028300. Smart Multi-Pockets: Designed to be ultra-practical, its numerous pockets help you stay organized throughout the day. The 2 reinforced, cleverly compartmentalized retractable holster pockets optimize your tool storage. The left pocket offers generous volume, ideal for storing a large quantity of nails and screws, while the right pocket features 2 dedicated tool compartments. Ingeniously, they fold smoothly into the hand pockets when not in use. Additional pockets include: 2 hand pockets, 1 gusseted zipped right thigh pocket, 1 ruler pocket, 1 left thigh pocket with zipped overlay pocket, and 1 back patch pocket. A hammer loop completes the setup, keeping your tool within easy reach. Support and stability: Its elasticated waistband on the sides, anti-slip and higher at the back, ensures a good fit to your body shape. Its 7 belt loops, including 1 extra wide loop, keep the belt stable during movement. Metal Free: Designed without any metal, these trousers offer increased safety in situations exposed to electrical hazards. Smart Detail: The magic hem can extend the leg length by 2 inches, adapting to your size.
