Summary Marketing Shorts (240c)	High-performance and stretchy, its 4-way stretch fabric ensures great freedom of movement. Snag-resistant and water-repellent, it protects against snags and light rain for lasting comfort at work.
Web Technical Details	Composition: Water-repellent ripstop fabric, 92% polyamide, 8% elastane - 260 g/m² Reinforcements: Waterproof 300D Oxford fabric, 100% polyester - 175 g/m² Great freedom of movement: Its 4WAY STRETCH technology adapts to your movements in all directions, allowing you to work freely. Its ergonomic, pre-shaped cut naturally follows the curve of your leg for greater comfort. Durability and resistance: Its ripstop fabric, known for its resistance, limits the risk of tearing. Various reinforcements (crotch, knees, lower legs, triple stitching) extend its lifespan. Limits liquid absorption: Its water-repellent treatment limits the absorption of liquids, preventing stains from quickly penetrating the fabric and keeping your pants cleaner for longer. Clever multi-pockets: Designed for ultimate practicality, its numerous pockets simplify your daily organization: 2 hand pockets, 1 zippered gusseted right thigh pocket with a ruler pocket, 1 closed left thigh pocket with an additional pocket, and 1 patch pocket on the back with a flap and hook-and-loop closure. Additionally, a hammer loop keeps your tool within easy reach. Support and stability: The elasticated waistband at the sides, which is anti-slip and raised at the back, ensures a comfortable fit. Five wide belt loops, including one extra-wide loop, stabilize the waistband during changes in position. Zero exposed metal: Designed without metal, these trousers guarantee increased safety in situations where there is a risk of electrical damage. A clever detail: The adjustable hem can lengthen the leg by 5 cm, adapting to your height.
