Code : 23324

Type : produit

Attribute set : BLOUSON / VESTE / PONCHOS / ENSEMBLE

Article > Product

Description

Name	FIBRE
Reference	2363
Article designation	AUTHENTIC HV - FIBRE - Veste softshell 3 couches

Classification

Typology	HV CLOTHING
Range	4 WAY STRETCH
Main profession	Construction DIY CRAFTS
Season	Autumn / Winter
Brand	LMA WORKWEAR
Gender	MAN
Release status	New Permanents followed
Model	JACKET / JACKET / PONCHOS

Article > Product sheet

Style

Basic cut	WINNER 2354
Colour	YELLOW Blue
Shade	Fluorescent yellow / Navy
Open Size	S-XXXXL

Features

Matter	Majority Polyester / Polyamide
Main composition	100% polyester
Main fabric weave	interlock Fleece Bonded
Fabric specificities	waterproofness 8000 mm

Copyright © LEBEURRE

	breathability: 2000g/m²/24h
Weight	280 g/m²
Secondary composition	100% polyester
Secondary fabric weave	net
Reinforcement	300D oxford collar on the shoulders elbows
Composition of reinforcement	300D waterproof oxford 100% polyester 175 g/m²

Finishes

Yoke	contrasting in front back wrists
Topstitching	tone on tone
Stopping points	contrasting red black
Reflective tape	full sewn 5 cm segmented iron-on 5 cm in front of back manches
Piping	phosphorescents Front on the back on the sleeves
Product specifications	coat rack clip large chest marking area raincoat retro-reflective marking on the back zero metal
Branding	retroreflective transfer back LMA WORKWEAR

Pockets

Number of pockets	multi-pocket
Right chest pocket	closed with zip
Inside right chest pocket	plated
Low pocket	kangaroo piped in oxford
Inside left low pocket	plated
Inside right low pocket	plated

Attributs

Collar	Rising
Main Zip	plastic injected zip
Sleeves	long elasticated bias finish
Sleeve cuffs	semi elasticated

Text

Short text	Lightweight, ultra-stretch, waterproof and breathable softshell HV – metal-free
Marketing Summary	This lightweight, high-visibility softshell jacket offers excellent freedom of movement thanks to its 4-way stretch technology. Waterproof and breathable, it protects you from the elements while allowing air to circulate and keeps you warm thanks to its fleece lining. Certified to EN 20271, it guarantees your safety during the day and in low-light conditions thanks to its fluorescent color, retroreflective strips, and phosphorescent piping (up to 8 hours).
Web Technical Details	Composition: Bonded interlock fabric on 100% polyester textured fleece - 280 g/m² Waterproof/breathable membrane: Breathability: 2000 g/m²/24h - Waterproofing: 8000 mm Inner fleece: 100% polyester Reinforcements: 100% polyester waterproof 300D Oxford fabric - 175 g/m² Breathable: Its waterproof/breathable membrane allows for efficient moisture wicking, ensuring continuous comfort during strenuous activity. Great freedom of movement: Its 4-way stretch technology adapts to your movements in all directions, allowing you to work freely. Enhanced visibility and safety: Certified to EN ISO 20471+A1, Class 2, your safety is enhanced in hazardous environments.Its fluorescent color and itsRetroreflective strips increase your visibility in low-light conditions. In addition, its phosphorescent piping (shoulders, lower body, back) charges with light in 30 minutes and emits it for 8 hours. Thermal protection: Its fleece lining retains your body heat, providing insulation against the cold. Limits liquid absorption: Its predominantly polyester fabric limits the absorption of liquids, such as oil, thus preventing stains from quickly penetrating the fabric. Functional: Its pockets facilitate your daily organization: 1 zippered chest pocket, 1 inside pocket, 2 reinforced lower kangaroo pockets, 2 lower inside pockets. Metal-free: Designed without metal,this softshellIt guarantees increased safety in situations where there is a risk of electrical damage. A clever detail: Its high collar with chin guard protects you from wind and cold. A large area for branding is available on the front and back.
